The ultimate tackle to Do-It-All. Every day commuting, rough and wet conditions, B-Road twisties, long highway stretches, two-up comfort, the tool that never lets you down. Think of a task, a challenge, an adventure. The answer to every thought. V-Strom 650. The 645cc DOHC V-Twin is a masterpiece of Suzuki engineering which has an evolving history. For the new 650, this unit has been tuned for generous low to mid-range torque for practical use while maintaining an exhilarating top-end. The V-Strom 650 is equipped with some of the most advanced rider technology available, including an Advanced Traction Control System, Low RPM Assist and Suzuki Easy Start System. With the new design concept "Solid and Smart", the new model now has an updated look. Suzuki's original "Beak" style has been further emphasised by making it a straight line from the tip to the top of the tank, expressing the DNA from the DR-BIG and the desert racer DR-Z. Champion yellow is a new colour for the V-Strom series, relating to the off-road racing scene of Suzuki.
