Suzuki GSX-S125 / GSXS12RX 2023

Learner Legal

£4,099 +OTR

from **£83.17** p/m

Meet the new lightweight king of the streets, the Suzuki GSX-S125. It has the best power-to-weight ratio and acceleration in the 125cc street sport class. A dependable, comfortable, nimble motorcycle that also delivers genuine Suzuki high-performance. It is made to handle city traffic jams while commuting to work during the week. And it is also an exciting motorcycle ready for fun rides into the countryside or even a track ride on weekends. There is a science to building high-performance engines and the GSX-S125's single cylinder, liquid cooled, DOHC (Double Over Head Cam) is a perfect example of how to make a lot of power out of a very efficient and compact power plant. This power combines with strong torque and exceptional fuel economy, to create an engine worthy of the GSX-S marque, it powers the GSX-S to great performance on the streets and a lot more. The chassis design of the GSX-S125 is light and compact, giving the rider ultimate control on the streets for a fast and agile ride. For a street bike low weight is key, this helps deliver a bike with responsive and rewarding handling as well as added confidence on the street. The GSX-S125 features some of our most advanced rider technology, including a shutter-key lock system and Suzuki Easy Start System.

Engine

ENGINE TYPE 4-stroke, 1-cylinder, liquid-cooled, DOHC	RATED OUTPUT 11.0 kW @ 10000rpm (15PS)	EXHAUST SYSTEM Euro 5 Compliant	IGNITION Electronic Ignition	STARTING Electric
